

HIPAA AUTHORIZATION AND CONSENT

STATE OF GEORGIA

FULTON COUNTY

I, Keith David Eppinette, hereby designate Joshua Taylor Eppinette or Kayle E. Boyd, the agents named in my Georgia Advance Directive for Health Care dated April 10, 2026, or in the event that said persons can not or chooses not to serve for any reason, DAWN N. HOUSTON, NICOLE G. LOTT, DIAMOND WALDON OR ANY EMPLOYEE OF HURLEY ELDER CARE LAW, as my "Personal Representative" as defined by 45 CFR 164.502(g), for purposes of compliance with Federal HIPAA Laws and Regulations (the Health Insurance Portability and Accountability Act of 1996 (Pub. L. 104-191), 45 CFR §§ 160 through 164), hereinafter known as "HIPAA." These individuals, and their successor, have the same access to my health care and treatment information as I would have if I were able to act for myself. My said Personal Representative named above shall have the status, power, authority and rights as provided in HIPAA. My Personal Representative named herein is also authorized to take any and all legal steps necessary to ensure his or her access to information and such action shall include resorting to legal process, if necessary, to enforce my rights under the law and shall attempt to recover attorney's fees, as authorized by Georgia law, in enforcing my rights.

I direct each health care provider or Covered Entity to release to my Personal Representative any and all such medical information and records as may be requested by my Personal Representative and deemed necessary by my Personal Representative in order for my Personal Representative to perform his duties and/or for my Personal Representative to make any decisions authorized hereunder, immediately or in the future. I authorize my Personal Representative to execute as well as to revoke any and all releases, waivers of notice of disclosure, and other documents necessary in order to obtain disclosure and release to my Personal Representative of my patient records and other protected health care or medical information that may be subject to and protected under HIPAA, including any and all medical records, medical history, including mental health records, billing and all other information related to my medical care and mental health, and including the specific authority to access psychological and psychiatric records. Such authorizations may have an expiration date up to 3 years after the date of my death.

I further authorize my Personal Representative to appoint a Patient Advocate for me, who may be any person so designated by my Personal Representative. My Patient Advocate shall have the same right to ask questions and receive information regarding my medical condition(s), treatment, and any proposed treatment as I and my Personal Representative would have, and the right to be physically present with me at all times.

I waive medical privacy and financial privacy so that medical and mental information and financial information (medical related or not medical related) may be disclosed directly to members of the law firm of Hurley Elder Care Law, of Atlanta, Georgia.

All third parties, including insurance companies, physicians, pharmacists, the Veterans Administration, Medicaid and Medicare agencies, healthcare facilities and mental health facilities, assisted living facilities, nursing homes, clinics, hospitals and all other providers of my medical care shall comply with the request of my Personal Representative for information and accept any waivers, releases and revocations executed by my Personal Representative as though I myself executed same.

This authorization and Consent shall be effective on the date executed and shall remain for three years following the date of my death.

Copies or faxed or emailed or other evidence of the authority and waiver granted herein may be relied upon as though an original was provided. All agents, Personal Representatives, and attorneys have current authority. This Authorization and Consent and waiver to disclosure is currently effective and shall apply whether or not I continue to have the capacity to give informed consent. I consent to and direct covered entities to provide my protected health information to my agent.

IN WITNESS WHEREOF, I hereunto set my hand and seal to this HIPAA Authorization and Consent this day, April 10, 2026.

Keith David Eppinette
